Sie können auch auf "SOS" tippen, um eine Instanzmeldung zu senden

The screenshot shows the Viridian Companion app interface. At the top, there is a back arrow, the app logo "Viridian Companion", and a red circular button labeled "SOS". Below the header, the location "Safi, OCP" is shown, along with two status indicators: "Tembo" and "SUP". A red bar highlights the "INCIDENTS" tab, which is currently selected. The main section displays "OPEN INCIDENTS" with one item: "Accident de circulation" (Accident) in Safi - Safi, Morocco, dated 27 Nov. Below this, there are four cards: "SECURITY INCIDENT REPORT" with a shield icon, "MAINTENANCE INCIDENT REPORT" with a hammer icon, "ACTIVITY REPORT" with a clipboard icon, and "PERFORM A TOUR" with a compass icon.
